

Brisbane

I am on a wide road running from south to north, featuring multiple lanes for vehicles. On the left side, there are several buildings, including a blue one with large windows, and in front of it, there is a bus stop. Nearby, 'Albion Antique Warehouse' and 'Groove Tile & Stone' are also visible. To the right, there is a hospital building and a fence with trees behind it. A streetlight is positioned along the road, and parked cars line the side. The area appears to be urban, with a mix of commercial and medical facilities.

I am on a wide road running from south to north, featuring multiple lanes for vehicles. On the left side, there are several commercial buildings, including a prominent blue building labeled 'Brisbane Whitegoods Factory Outlet.' In front of these buildings, a garden with a lawn is visible, and the area is lined with parking spaces. To the right, there are more shops, and a flower bed adds to the landscape. Directly ahead, I can see 'The Salvation Army' and 'Pickering Smash Repairs,' while behind me are 'Ultra Tune,' 'John R Turk,' and 'OneStop Clothing and Embroidery.' The scene is bustling with parked cars and some movement on the road.

I am at 'Central Adelaide Street Stop 40,' a bus stop featuring a large sign indicating its name and function. The area is lined with trees providing shade, and there are benches for waiting passengers. The street is busy with buses and vehicles, and a notice board displays bus schedules and information.

I am in front of the 'Good Price Pharmacy Warehouse' located in Stafford. The building features a prominent orange and blue sign indicating 'DISCOUNT PHARMACY' and 'LOWEST PRICE GUARANTEE.' The entrance has a display showcasing pharmacy products, and a sign indicates 'PARKING AT REAR.' Nearby, there are additional storefronts, contributing to the urban shopping environment.
